Educational Background

1998	M.D., Seoul National University College of Medicine, Korea
2008	M.S., Seoul National University, Korea
2013	Ph.D., Dongguk University, Korea

Professional Career

2006 ~2008	Research Fellow, Department of Internal Medicine and Liver Research Institute, Seoul National University College of Medicine, Korea
2008~2019	Specialist, Center for Liver Cancer, National Cancer Center, Korea
2013~2014	Visiting Scholar, Department of Pathology, School of Medicine, UC San Diego
2014~Present	Senior Scientist, Research Institute, National Cancer Center, Korea
2015~2017	Associate Scientist, Liver and Pancreatobiliary Cancer Branch, National Cancer Center, Korea
2017~2019	Section chief, Biomedicine Production Branch, National Cancer Center
2019~Present	Specialist, Center for Liver and Pancreatobiliary Cancer, National Cancer Center, Korea
2019~Present	Head, Cancer Immunotherapy Working Group National Cancer Center, Korea
2021~Present	Chief Scientist, Immuno-oncology Branch, National Cancer Center, Korea

Research Field

I am interested in the early diagnosis and treatment of pancreatobiliary cancers. I am trying to develop the treatment strategies and molecular biomarkers for early detection and treatment of pancreatobiliary cancers.

Papers, Books, etc. presented or published by your name

(topic title, year, conference name or presenting books)

Refining classification of cholangiocarcinoma subtypes via proteogenomic integration reveals new therapeutic prospects: GASTROENTEROLOGY. 164(7):1293~1309

Prolonged Patency of Fully Covered Self-Expandable Metal Stents with an Externally Anchored Plastic Stent in Distal Malignant Biliary Obstruction: ENDOSCOPY. 2023 Jun;55(6):563-568.

Prevalence and Risk Factors of Germline Pathogenic Variants in Pancreatic Ductal Adenocarcinoma: CANCER RESEARCH AND TREATMENT. 2023 Oct;55(4):1303-1312
